

# Opening Learning Doors – An INSET Training Programme

## Course Participants Notes

Slide 10

 Opening Learning Doors  
An INSET Training Programme

### Learning Styles?

- Effective learners use all learning styles when appropriate.
- Ineffective learners are 'trapped' in a learning 'style'.
- These often seem to be male kinaesthetic learners.
- As teachers do we perpetuate this situation?

### Special Needs?

- Ineffective learners frequently use only one processing style of learning.
- The most effective learners in school are those who can process information visually.
- It is possible to encourage and teach visual processing skills.

### Visual Processing

Do you like colour, images and shape?

- Use **colour** to help the brain remember.
- Use pictures, mind maps, computers, flowcharts, diagrams, keywords, videos.
- Use different **colour pens** when writing notes.
- Use post-it notes (**in different colours**) for key words and bullet points.
